

**US Army Corps
of Engineers**
Louisville District
P.O Box 59
Louisville, KY 40201-0059

David F. Dale, Jr. Deputy District Engineer (Olmsted) and Chief, Olmsted Division, Louisville District.

Mr. David F. Dale, Jr. graduated from the University Of Kentucky, College of Engineering in 1985 where he earned a Bachelor of Science degree in Civil Engineering. Upon graduation he went to work for the U.S. Army Corps of Engineers. Mr. Dale is a registered Professional Engineer in the Commonwealth of Kentucky and a Project Management Professional as prescribed by the Project Management Institute. He is member of the Society of American Military Engineers and has achieved Level III PM certification (the highest) by US Army Corps of Engineer and is a DAWIA Level III Facility Engineer.

Mr. Dale's honors include the Louisville District's 2001 Leadership Excellence Award, the Department of Army Achievement Medal for Civilian Service, the Department of Army Superior Civilian Service Award and completion of the Leadership P.E. program sponsored by the Kentucky Society of Professional Engineer, the Society of American Military Engineers and the Kentucky Consulting Engineers Council.

Prior to becoming the Deputy District Engineer (Olmsted) Mr. Dale had a diverse professional background in Planning, Programs, Engineering, Construction and Project Management. Upon completing the Corps Engineer Intern Program, he served has a Construction Project Engineer, Construction Management Project Engineer, Project Manager, Chief of A/E Management, Fort Knox Construction Area Engineer and Deputy District Engineer for Programs and Project Management. Mr. Dale has developed an extensive breadth and depth of experience in all phases of project execution to include; Construction Management, Engineering Management, Project Management and Program Management.

In 2003, Mr. Dale became the Deputy District Engineer where he served as the District Commander's Civilian Deputy, the Senior Civilian within the Louisville District, and as the Division Chief for Planning Programs and Project Management. In this position, Mr. Dale had direct supervisory responsibility for the Planning, Programs and Project Management staff. Mr. Dale also had complete oversight responsibility for the successful execution of design, construction and operation of the District's multi-billion dollar National Mission Responsibility.

In Sept. 2012, Mr. Dale became the Deputy District Engineer (Olmsted). Mr. Dale serves as the District Commander's Civilian Deputy for Olmsted where he is the Senior Civilian within the Louisville District responsible for the Corps \$3.1 billion mega-project known as the Olmsted Lock and Dam Project. Mr. Dale leads an integrated project delivery team made up of Engineering, Construction, Project Management, Contracting and Council which is charged with designing and constructing a modern Navigation Lock and Dam on the lower reach of the Ohio River using an innovative "In the Wet" construction technique.

Mr. Dale is a native of Louisville, Kentucky; he is married to his high school sweet heart and has two children. He enjoys recreational boating and amateur radio as hobbies.
